Next, you'll be asked to enter your fundraising page's details such as your fundraising goal, end date, and headline. You can also enter a short URL—a shorter version of your fundraising page's website address for easy sharing.

Hit **Finish** to move on.

Edit your fundraising page

When you're done signing up, you'll see your fundraising page. The last step is to edit your page. To do so, tap the **Manage** button to open your editor. From there you can change the Story content, post updates, and change the details of your page such as your profile picture.
